**Notice of Motion to Review and Vary EB-2017-0049
Decision and Order dated March 26, 2019**

**NOTICE OF MOTION HEARING AND PROCEDURAL ORDER NO. 1
May 17, 2019**

Hydro One Networks Inc. (Hydro One) filed with the Ontario Energy Board (OEB) on March 26, 2019, a Notice of Motion to Review and Vary the OEB EB-2017-0049 Decision and Order (the Motion to Review and Vary) in accordance with Rules 8, 40, 42 and 43 of the OEB's *Rules of Practice and Procedure* (the Rules). The OEB has assigned case number EB-2019-0122 to this proceeding.

The EB-2017-0049 Decision and Order, issued on March 7, 2019, determined Hydro One's electricity distribution rates for the period of January 1, 2018 until December 31, 2022, with an effective date of May 1, 2018 and an implementation date of July 1, 2019.

The Motion to Review and Vary requests that the OEB review and vary the determination in the Decision and Order¹ regarding the denial of Hydro One's request to recover \$37 million of pension costs (\$17 million in OM&A and \$20 million in capital).

As an initial step, the OEB has determined that it will receive written submissions as to (1) whether the Motion to Review and Vary meets the threshold test as specified in the Rules; and (2) if the threshold test is met, whether the grounds cited of change in circumstances and an error in the Decision and Order are justified.

The OEB deems the parties granted intervenor status in the EB-2017-0049 proceeding as intervenors in this Motion to Review and Vary. In addition, those parties that were granted cost eligibility status in the EB-2017-0049 case are also eligible for cost awards in this proceeding.

The OEB has determined a schedule (as set out below) for the filing of written argument on the motion. The OEB will determine any subsequent steps once this process has been completed.

¹ p. 96.

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. Hydro One shall file its argument and motion record and such other materials as it may wish to rely on with the OEB, and send these materials to all intervenors, no later than June 5, 2019.
2. OEB staff and intervenors shall file their arguments, including any supporting material in which they wish to rely, with the OEB and copy all parties no later than June 26, 2019.
3. Hydro One may file replies to any arguments with the OEB and copy to all parties no later than July 10, 2019.

All filings to the OEB must quote the file number, EB-2019-0122, be made in searchable /unrestricted PDF format electronically through the OEB's web portal at <https://www.pes.ontarioenergyboard.ca/eservice/>.
