Dear Ms. Walli:

**Re: Request for Intervenor Status
Ontario Energy Board Application EB-2019-0007
Imperial Oil - Leave to Construct – Waterdown to Finch (“Project”)**

This letter serves to request that the Ontario Energy Board grant the Regional Municipality of Peel (“Region”) Intervenor status in order to be able to participate in the above-noted proceeding.

As the proposed pipeline runs through the Region, the Region is directly affected by the Project. As such, the Region has a substantial interest in this application as it relates to construction and operation effects on Regional infrastructure, emergency management, and protecting the Region’s water, and amongst other concerns.

The Region intends to collaborate with other municipalities to make a joint submission, and requests that it be circulated on all written evidence. The Region will not be seeking an award of costs.

For the purposes of service and delivery of documents in the proceeding, please circulate the following individuals at the Region:

Lyle LeDrew
Program Manager
Water and Wastewater Infrastructure Planning
State of Good Repair, Regional Municipality of Peel
10 Peel Centre Drive, Suite A, 6th Floor
Brampton, Ontario L6T 4B9
905-791-7800 x7836

And to its counsel:

Rachel Godley J.D. LL.M.
