Dear Ms. Godley:

**Re: Request for late intervenor status
Imperial Oil Limited - Application for leave to construct the Waterdown to
Finch Project
Ontario Energy Board File Number: EB-2019-0007**

This letter is in response to the Regional Municipality of Peel's ("Municipality of Peel") request for late intervenor status in the above-referenced application. The Municipality of Peel's intervention request was received by the Ontario Energy Board (OEB) on June 4, 2019 after the deadline for filing such requests had closed.

The Municipality of Peel states that it has a direct interest in the application because certain sections of the proposed pipeline will be located in the municipality and the construction and operation of the pipeline will affect municipal infrastructure.

Imperial Oil did not object to the Municipality of Peel's request.

The OEB is satisfied that the Municipality of Peel has a "substantial interest" in the proceeding within the meaning of Rule 22.02 of the OEB's *Rules of Practice and Procedure* and is approved as an intervenor. The Municipality of Peel shall accept the record to this point and is reminded that pursuant to Procedural Order No. 1, dated May 31, 2019, intervenor interrogatories are due by June 14, 2019.

Yours truly,
