

Imperial Oil Limited

**Application for leave to construct the Waterdown to Finch Project
in the City of Hamilton, the City of Burlington, the Town of Milton,
the Town of Oakville, the City of Mississauga and the City of Toronto.**

PROCEDURAL ORDER NO. 2

June 10, 2019

Imperial Oil Limited (Imperial Oil) applied to the Ontario Energy Board (OEB) under sections 90(1) and 97 of the *Ontario Energy Board Act, 1998* for leave to construct approximately 63 kilometres of pipeline and associated infrastructure to transport refined oil products from its facility in the City of Hamilton to its facility in the City of Toronto and approval of the forms of easement agreement related to the construction of the proposed pipeline.

The OEB issued a Notice of Hearing on April 11, 2019 and directed Imperial Oil to serve the Notice of Hearing on affected parties. In order to give Imperial Oil adequate time to complete service, the OEB held the application in abeyance until service was completed. On May 24, 2019, Imperial Oil filed an affidavit with the OEB confirming service of the Notice of Hearing. The OEB started processing the application on that date.

Bell Mobility Inc., Canadian Manufacturers and Exporters (CME), City of Mississauga, City of Toronto, City of Hamilton, Halton Region, Regional Municipality of Peel, Enbridge Gas Inc., Greater Toronto Airports Authority, Hydro One Networks Inc. and jointly Peter and Tim Virtanen applied for and were approved as intervenors in this proceeding. CME and Peter and Tim Virtanen are eligible to apply for an award of costs under the OEB's *Practice Direction on Cost Awards*.

The list of parties in this proceeding is attached as Schedule A to this procedural order.

On May 31, 2019, the OEB issued Procedural Order No. 1 (PO#1) setting the schedule for a written hearing.

On June 7, 2019, the OEB received a letter from the City of Mississauga, asking, among other things, that the schedule set in the PO#1 be extended by one month. The City of Mississauga stated that the extension is necessary to allow sufficient time to review the file, and prepare interrogatories and submissions. The City of Mississauga noted that it may request additional time beyond the one-month extension depending on the “nature and extent of Imperial Oil’s responses to interrogatories ...to process the information and pose and/or respond to further questions”. The City of Mississauga indicated that it canvassed the City of Toronto, the City of Hamilton, Halton Region and the Regional Municipality of Peel and that their legal counsels are supportive of the need for an extension.

On June 7, 2019 Imperial Oil filed a response to the extension request stating that it would support the request for a delay to the dates set in PO#1 by up to one month.

The OEB has reviewed the request by the City of Mississauga and the response from Imperial Oil and shall grant a one-month extension to the hearing schedule set in PO#1. This extension provides additional time for the intervenors to review the application and seek additional information and clarifications while not impacting Imperial Oil’s ability to complete the project in a timely fashion. Requests for any further extensions will be addressed by the OEB based on the circumstances associated with such requests.

It is necessary to make provision for the following matters related to this proceeding. The OEB may issue further procedural orders from time to time.

IT IS THEREFORE ORDERED THAT:

1. OEB staff and intervenors shall request any information and material from Imperial Oil that is in addition to Imperial Oil’s evidence and that is relevant to the hearing by written interrogatories filed with the OEB and delivered to Imperial Oil and the other intervenors by **July 15, 2019**.
2. Imperial Oil shall file with the OEB and deliver to all intervenors complete written responses to all interrogatories by **August 6, 2019**.
3. OEB staff and intervenors may file written submissions with the OEB and serve it on all Imperial Oil and intervenors by **August 16, 2019**.

4. Imperial Oil may file a written reply submission with the OEB and serve it on all intervenors by **August 26, 2019**.

All filings to the Board must quote the file number, EB-2019-0007 and be made electronically in searchable / unrestricted PDF format through the OEB's web portal at <https://pes.ontarioenergyboard.ca/eservice/>. Two paper copies must also be filed. Filings must clearly state the sender's name, postal address and telephone number, fax number and e-mail address. Parties must use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at <https://www.oeb.ca/industry>. If the web portal is not available parties may email their documents to the address below. Those who do not have internet access are required to submit all filings on a USB flash drive in PDF format, along with two paper copies. Those who do not have computer access are required to file 7 paper copies.

All communications should be directed to the attention of the Registrar at the address below, and be received no later than 4:45 p.m. on the required date.

With respect to distribution lists for all electronic correspondence and materials related to this proceeding, parties must include the Case Manager, Zora Crnojacki at Zora.Crnjacki@oeb.ca and OEB Counsel, Michael Millar at Michael.Millar@oeb.ca
