**VIA COURIER and RESS**

Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
2300 Yonge Street, 27<sup>th</sup> Floor  
Toronto, ON  
M4P 1E4

Dear Ms. Walli:

**Re: Upper Canada Transmission, Inc. operating as NextBridge Infrastructure  
("NextBridge")  
Ontario Energy Board ("Board") File EB-2019-0127  
East-West Tie Project  
Affidavit of Service re: Expropriation Application**

---

Pursuant to the Board's Letter of Direction dated May 28, 2019, please find enclosed NextBridge's Affidavit of Service.

A redacted version of the Affidavit of Service has been filed electronically through the Board's RESS, and two paper copies will be forwarded to the Board. A confidential unredacted version of the Affidavit of Service has been provided to the Board in a sealed envelope.

Please contact the undersigned at [nina.lindop@enbridge.com](mailto:nina.lindop@enbridge.com) or (780) 420-5202 if you have any questions.

Yours truly,

(Original Signed)

Nina Lindop  
Legal Counsel  
Enbridge Employee Services Canada Inc.

## ONTARIO ENERGY BOARD

**IN THE MATTER** of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, (Schedule B), as amended, (the “Act”);

**AND IN THE MATTER** of an application by Upper Canada Transmission, Inc. under section 99 of the Act, for an Order or Orders granting authority to expropriate land for the purpose of constructing and operating a new double circuit 230 kV electricity transmission line between Thunder Bay, Ontario and Wawa, Ontario;

## AFFIDAVIT OF SERVICE

I, Deborah Zufelt, of Toronto, Ontario, make oath and say as follows:

1. I am in the employ of CanACRE Ltd. and as such have knowledge of the matters hereinafter deposed to, having either carried out or directed to be carried out the activities described below on behalf of Upper Canada Transmission, Inc. operating as NextBridge Infrastructure, on behalf of NextBridge Infrastructure LP (“**NextBridge**”).
2. I was informed by David Biggar of CanACRE Ltd. of the properties where the proposed East-West Tie transmission line, facilities, and access roads would be located. Accordingly, I conducted a search of title of the current registered property owners, those who hold encumbrances on the lands and those with any interest in the lands affected by the expropriation of these properties from February 22 to February

25, 2019. As result of my searches of title, I determined the registered owners, encumbrancers and persons with interests in the 23 parcels of land which would be affected by the proposed transmission line. A list of all such owners, encumbrancers and interest holders is attached as Appendix F to the Expropriation Application that NextBridge filed on April 17, 2019 (the “**Expropriation Application**”) with the Ontario Energy Board (the “**Board**”). Attached hereto as **Exhibit “A”** is a copy of the said owners, encumbrancers and interest holders included in Appendix F of the Expropriation Application.

3. I am informed by David Biggar that between April 17, 2019 and May 18, 2019, NextBridge has been able to conclude negotiations in respect of 10 parcels of land identified in the Expropriation Application, and that expropriation is no longer necessary in respect of these parcels of land.
4. I am informed by Nina Lindop of Enbridge Employee Services Inc. that an amended Expropriation Application and evidence has been filed with the Board on June 10, 2019 which states that expropriation is no longer necessary in respect of 10 parcels of land, which parcels correspond to the following sub-appendices of Appendix F of the Expropriation Application: Appendix F-1 to F-2, F-7 to F-10, F-16 to F-18, and F-21.
5. On May 31, 2019, I conducted an updated search of the current registered property owners, those who hold encumbrances on the lands and those with any interest in the lands for which expropriation continues to be necessary and which correspond to the

following sub-appendices of Appendix F of the Expropriation Application: Appendix F-3 to F-6, F11 to F15, F-19 to F-20, F-22 to F-23 (collectively, the “**Remaining Appendix F**”).

6. Pursuant to the Board’s May 28, 2019 Letter of Direction, I caused to be served by registered mail and courier those persons identified by the title search and listed in the Remaining Appendix F, a copy of both the French and English versions of the Notice of Application (**Exhibit “B”**); a copy of the Application (**Exhibit “C”**); and copies of the property descriptions, aerial maps and survey plans showing the details of the proposed expropriations. Each addressee only received copies of property descriptions, aerial maps and survey plans for the parcels of land in which the addressee had an interest.
7. Attached hereto and marked as **Exhibit “D”** is proof in the form of registered mail and courier receipts confirming the Notices of Application, the application and the property descriptions, aerial maps and survey plans were served, as of 8 a.m. on June 11, 2019, on the persons identified in the Remaining Appendix F with the following exceptions:
  - (a) 1 represents the registered owner of one of the parcels who was not served because this person is missing;
  - (b) 1 represents the registered owner of one of the parcels who was not served because the Notice package was redirected to a nearby post office and the person has yet to pick it up; and

- (c) 12 represent freehold encumbrancers or limited interest holders who were not served because the addressee no longer is present at the address; or the addressee no longer exists; or no address or only an incomplete address was present on the instrument registered on title; or the package has yet to be delivered.
8. Pursuant to the Board's Letter of Direction, I am informed by Nina Lindop and believe it to be true that a copy of English and French versions of the Notice of Application and a copy of the non-confidential version of the application have been made available as of June 10, 2019 for public perusal at the NextBridge office located at Suite 1720, 390 Bay St, Toronto, ON M5H 2Y2.
9. Pursuant to the Board's Letter of Direction, I am informed by Nina Lindop and believe it to be true that the NextBridge website, <http://www.nextbridge.ca/>, was updated on June 5, 2019 to include on the homepage hyperlinks to the English and French versions of the Notice of Application and a link to the non-confidential version of the application. A hardcopy of the website showing the hyperlinks to the Notices and the application is provided at **Exhibit "E"**. I accessed the website on June 10, 2019 and was able to access each of the Notices of Application and the non-confidential version of the application.

**SWORN BEFORE ME** at the City of  
Toronto, in the Province of Ontario on June  
11, 2019

(Original signed)

---

## ONTARIO ENERGY BOARD NOTICE

**Upper Canada Transmission, Inc. has applied to the Ontario Energy Board to expropriate interests in certain lands in northwestern Ontario.**

**Learn More. Have your say.**

**Upper Canada Transmission, Inc. operating as NextBridge Infrastructure is asking the Ontario Energy Board for permission to expropriate interests in certain lands to construct and operate a new double circuit 230 kilovolt overhead electricity transmission line between Thunder Bay and Wawa in northwestern Ontario (East-West Tie Project).**

**Upper Canada Transmission, Inc. requires several permanent and temporary easement agreements for the construction and operation of the East-West Tie Project and states that it has been unable to reach negotiated agreements in respect of 23 parcels of land along the route of the transmission line.**

**Upper Canada Transmission, Inc. has identified you as an owner or encumbrancer of the lands over which it is seeking approval to expropriate an interest. A copy of the property description, survey and aerial map showing the lands for which Upper Canada Transmission Inc. is seeking expropriation is attached to this notice.**

**Upper Canada Transmission, Inc.'s application is about the expropriation of certain specific lands only. It is not about compensation.**

**Under a separate Decision and Order, dated February 11, 2019, the Ontario Energy Board granted Upper Canada Transmission, Inc. leave to construct the East-West Tie Project.**

### **THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING**

The OEB will hold a public hearing to consider Upper Canada Transmission, Inc.'s request. During this hearing, the OEB will consider evidence and arguments by Upper Canada Transmission, Inc. and by others whose interests would be affected. At the end of this hearing, the OEB will decide whether to grant Upper Canada Transmission, Inc.'s request.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides consumers with reliable energy services at a reasonable cost.

**The OEB hearing will consider specific issues determined by law.** The *Ontario Energy Board Act, 1998* specifies the issues the OEB is to consider in making its decision. If you wish to participate in the OEB hearing, it is important for you to understand what these issues are.

- The OEB will consider the public interest when making any order authorizing Upper Canada Transmission, Inc. to expropriate land;
- The OEB does not have the authority to determine the amount of compensation payable; and
- If the OEB authorizes Upper Canada Transmission, Inc. to expropriate and the parties do not agree upon compensation, the compensation must be determined under the *Expropriations Act* or by the Board of Negotiations, which is part of the Environment and Land Tribunals Ontario.

### **BE INFORMED AND HAVE YOUR SAY**

You have the right to information regarding this application and to be involved in the process. You can:

- Review Upper Canada Transmission, Inc.'s application on the OEB's website now;
- File a letter with your comments, which will be considered during the hearing;

- Become an active participant (called an intervenor). Apply by **June 20, 2019** or the hearing will go ahead without you and you will not receive any further notice of the proceeding;
- At the end of the process, review the OEB's decision and its reasons on our website.

Note that to be an intervenor you must be affected by the expropriation in a way that relates directly to the issues the OEB will consider.

### LEARN MORE

To learn more about this hearing, find instructions on how to file letters or become an intervenor, or to read the documents related to this case, please select the file no. **EB-2019-0127** from the list on the OEB website: [www.oeb.ca/noticeltc](http://www.oeb.ca/noticeltc).

### ORAL VS. WRITTEN HEARINGS

There are two types of OEB hearings – oral and written. If you think an oral hearing is needed, you can write to the OEB to explain why by **June 20, 2019**.

### PRIVACY

If you write a letter with your comments, your name and the content of your letter will be put on the OEB's public record and the OEB website. However, your personal telephone number, address and email address will be removed. If you are a business, all your information will be public. If you apply to become an intervenor, all your information will be public.

This application was filed under section 99 of the *Ontario Energy Board Act, 1998 S.O. 1998, c.15, Schedule B*.

## AVIS DE LA COMMISSION DE L'ÉNERGIE DE L'ONTARIO

**Upper Canada Transmission Inc. a déposé une requête auprès de la Commission de l'énergie de l'Ontario afin d'exproprier des intérêts sur certaines terres du nord-ouest de l'Ontario.**

**En savoir plus. Donnez votre avis.**

Upper Canada Transmission Inc., sous le nom de NextBridge Infrastructure, demande à la Commission de l'énergie de l'Ontario l'autorisation d'exproprier des intérêts sur certaines terres afin de construire et d'exploiter une nouvelle ligne de transport d'électricité aérienne à double circuit de 230 kilovolts entre Thunder Bay et Wawa dans le nord-ouest de l'Ontario (Projet de ligne d'interconnexion Est-Ouest).

Upper Canada Transmission Inc. a besoin de plusieurs ententes de servitude permanentes et temporaires pour la construction et l'exploitation du Projet d'interconnexion Est-Ouest et affirme qu'elle a été incapable de conclure des ententes relatives à 23 parcelles de terre le long du tracé de la ligne de transport.

Upper Canada Transmission Inc. vous a désigné comme propriétaire ou grevant des terres sur lesquelles elle demande l'autorisation pour y exproprier un intérêt. Vous trouverez ci-joint une copie de la description foncière, du levé et de la cartographie aérienne qui représentent les terres faisant l'objet de la demande d'expropriation d'Upper Canada Transmission Inc.

La requête d'Upper Canada Transmission Inc. concerne uniquement l'expropriation de certaines terres particulières. Elle ne porte pas sur la question de l'indemnité.

En vertu d'une décision et d'une ordonnance distinctes, en date du 11 février 2019, la Commission de l'énergie de l'Ontario a accordé à Upper Canada Transmission Inc. l'autorisation de construire le Projet d'interconnexion Est-Ouest.

### LA COMMISSION DE L'ÉNERGIE DE L'ONTARIO TIENDRA UNE AUDIENCE PUBLIQUE

La CEO tiendra une audience publique afin d'étudier la demande d'Upper Canada Transmission Inc. Au cours de cette audience, la CEO prendra en compte les preuves et arguments apportés par Upper Canada Transmission Inc., ainsi que par d'autres entités dont les intérêts pourraient être mis en jeu. À l'issue de cette audience, la CEO prendra une décision quant à l'approbation de la demande d'Upper Canada Transmission Inc.

La Commission de l'énergie de l'Ontario est une agence publique indépendante et impartiale. Les décisions que nous prenons visent à servir au mieux l'intérêt public. Notre objectif est d'encourager le développement d'un secteur de l'énergie efficace et financièrement viable, afin d'offrir des services énergétiques fiables à un prix raisonnable.

**L'audience de la CEO portera sur des éléments précis déterminés par la loi.** La *Loi de 1998 sur la Commission de l'énergie de l'Ontario* spécifie les éléments que la CEO doit prendre en compte avant de rendre sa décision. Si vous souhaitez participer à l'audience de la CEO, il est important que vous compreniez quels sont ces éléments.

- La CEO tiendra compte de l'intérêt public lorsqu'elle fera une ordonnance autorisant Upper Canada Transmission Inc. à exproprier des terres.
- La CEO ne dispose pas de l'autorité servant à déterminer le montant de l'indemnité à verser.
- Si la CEO autorise Upper Canada Transmission Inc. à exproprier des terres, mais que les parties ne s'entendent pas sur l'indemnité, celle-ci sera déterminée en vertu de la *Loi sur l'expropriation* ou par l'entremise de la Commission des négociations, qui fait partie du Tribunal de l'environnement et de l'aménagement du territoire de l'Ontario.

## INFORMEZ-VOUS ET DONNEZ VOTRE AVIS

Vous avez le droit d'être informé au sujet de cette demande et de participer au processus. Vous pouvez :

- examiner la demande d'Upper Canada Transmission Inc. sur le site Web de la CEO dès maintenant;
- déposer une lettre de commentaires qui sera prise en compte au cours de l'audience;
- participer activement au processus (à titre d'intervenant). Inscrivez-vous avant le **20 juin 2019**, faute de quoi l'audience aura lieu sans votre participation et vous ne recevrez plus d'avis dans le cadre de la présente affaire;
- examiner la décision rendue par la CEO à l'issue de la procédure, ainsi que ses justifications, sur notre site Web.

Prenez note que pour obtenir le statut d'intervenant, vous devez être concerné par la demande d'expropriation de façon directement liée aux éléments qui seront pris en compte par la CEO.

### EN SAVOIR PLUS

Pour obtenir de plus amples renseignements sur cette audience, sur les démarches à suivre pour déposer une lettre, pour participer en tant qu'intervenant ou pour consulter les documents relatifs à ce dossier, veuillez sélectionner le numéro de référence **EB-2019-0127** dans la liste disponible sur le site Web de la CEO :

<https://www.oeb.ca/fr/participez/applications/requetes-tarifaires-en-cours>.

### AUDIENCES ORALES OU AUDIENCES ÉCRITES

Il existe deux types d'audiences à la CEO : les audiences orales et les audiences écrites. Si vous estimez qu'avoir recours à une audience orale serait préférable, vous pouvez écrire à la CEO pour lui présenter vos arguments d'ici le **20 juin 2019**.

### PROTECTION DES RENSEIGNEMENTS PERSONNELS

Si vous écrivez une lettre de commentaires, votre nom et le contenu de cette lettre apparaîtront dans le dossier public et sur le site Web de la CEO. Toutefois, votre numéro de téléphone, votre adresse postale et votre adresse électronique ne seront pas rendus publics. Si vous représentez une entreprise, tous les renseignements de l'entreprise demeureront accessibles au public. Si vous participez à titre d'intervenant, tous vos renseignements personnels seront rendus publics.

La demande a été déposée conformément à l'article 99 de la *Loi de 1998 sur la Commission de l'énergie de l'Ontario*, L.O 1998, chap. 15 (annexe B).

## **ONTARIO ENERGY BOARD**

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15 (Schedule B), as amended, (the “Act”);

**AND IN THE MATTER OF** an application by Upper Canada Transmission, Inc. under section 99 of the Act, for an Order or Orders granting authority to expropriate land for the purpose of constructing and operating a new double circuit 230 kV electricity transmission line between Thunder Bay, Ontario and Wawa, Ontario;

### **APPLICATION FOR EXPROPRIATION**

1. The Applicant, Upper Canada Transmission, Inc. operating as NextBridge Infrastructure (“NextBridge”) is a New Brunswick corporation established for the purposes of developing, owning, and operating electricity transmission facilities in Ontario in its capacity as the general partner, acting for and on behalf of the limited partnership, NextBridge Infrastructure LP.
2. NextBridge hereby applies pursuant to section 99 of the Act for an Order or Orders granting authority to expropriate certain interests in land, as more particularly described herein. NextBridge requires authority to expropriate such interests in land in order to construct and operate a new double circuit 230 kilovolt overhead electricity transmission line on a new right of way (“ROW”) between Thunder Bay and Wawa in northwestern Ontario (the “EWT Project”).
3. In March of 2016, the Lieutenant Governor in Council issued an order declaring, pursuant to section 96.1 of the Act, that the construction of the EWT Project is needed as a priority project. An Updated Assessment of the Need for the EWT

Project issued by the Independent Electricity System Operator (the “IESO”) on December 1, 2017 indicates that “[t]his project continues to be the IESO’s recommended option to maintain a reliable and cost-effective supply of electricity to the Northwest for the long term.” The IESO reaffirmed this need in an update on June 29, 2018 in response to a request from the Ontario Energy Board (the “Board”).

4. On January 30, 2019, the Minister of Energy, Northern Development and Mines, with the approval of the Lieutenant Governor in Council, issued a Directive pursuant to section 28.6.1 of the Act (the “Directive”) requiring the Board to amend the conditions of NextBridge’s transmission licence to include a requirement that NextBridge proceed with immediacy to construct, expand, or reinforce the EWT Project.
5. In its EB-2017-0182/EB-2017-0194/EB-2017-0364 Decision and Order dated February 11, 2019, the Board granted leave to NextBridge to construct the EWT Project pursuant to section 92 of the Act. In its EB-2019-0088 Decision and Order, also dated February 11, 2019, the Board ordered that NextBridge’s electricity transmission licence be amended in accordance with the requirements of the Directive.
6. NextBridge’s Environmental Assessment was approved by the Ministry of Environment, Conservation and Parks on March 21, 2019.
7. NextBridge’s preferred approach to acquiring land rights for the EWT Project has been through negotiation of mutually acceptable agreements with property owners. NextBridge’s land agents have been working in the area since November 2013 in support of the EWT Project and NextBridge’s land optioning and permitting program was initiated in March 2016 to secure the necessary land rights. Land

Filed: 2019-04-17  
EB-2019-0123  
Exhibit A  
Tab 2  
Schedule 1  
Page 3 of 7

acquisition has been executed in an open and respectful manner, with a commitment to timely, meaningful, and transparent dialogue as it relates to property owner compensation and land rights.

8. To support and facilitate timely resolution of negotiations and fair settlements with property owners, NextBridge established and applied a set of consistent compensation principles. A "Compensation Principles" document was provided to all land interest holders describing land rights required for the EWT Project, landowner engagement principles and agreement and compensation offerings. This document was filed with the Board during the EB-2017-0182/EB-2017-0194/EB-2017-0364 proceeding.
9. All directly affected private property owners have been presented with an option agreement and offer of compensation consistent with NextBridge's land compensation principles. Despite NextBridge's ongoing efforts to reach voluntary settlements with all directly affected property owners, the schedule and in-service date for the EWT Project require that NextBridge proceed now with this application for authority to expropriate the remaining property interests.
10. The property interests that NextBridge seeks authority to expropriate for the EWT Project are as follows:
  - a) Permanent Transmission Line Easements ("Permanent Line Easements")

Permanent Line Easements are required for the construction and ongoing operation and maintenance of the EWT Project. The required ROW width for the EWT Project is approximately 64 meters, with variations at points to accommodate narrower or wider ROW width. The width of the ROW varies based on factors such as the anticipated location of structures, the length of

Filed: 2019-04-17  
EB-2019-0123  
Exhibit A  
Tab 2  
Schedule 1  
Page 4 of 7

span, the terrain, sensitive features and soil conditions, and at all times is sufficient to contain the infrastructure within the boundaries of the easement.

b) Permanent Road Use Easements (“Permanent Road Easements”) and Temporary Road Use Easements (“Temporary Road Easements”)

Permanent Road Easements are required for access, maintenance and operational purposes during the construction and ongoing operation and maintenance of the EWT Project. Temporary Road Easements are required for temporary road use and access during the construction of the EWT Project. The approximate cleared width required for access roads is 20 metres with a typical road surface of 6 to 8 metres; however, this approximate width may vary depending on the location and terrain of the proposed access road, and the extent of improvements required based on existing conditions.

c) Short Term Lease

One Short Term Lease is required in support of construction activities for a laydown yard to receive and temporarily store materials and equipment during construction. The approximate surface area required for the laydown yard is 136,974 square metres. It is anticipated that Nextbridge will need this area for its exclusive use.

11. The authority to expropriate requested in this application is in the public interest as it is required to allow NextBridge to construct and operate the EWT Project to meet the need to maintain a reliable and cost effective supply of electricity to northwestern Ontario. NextBridge has taken reasonable steps to minimize the impact of the proposed expropriations on the subject properties and it has taken appropriate steps to minimize the disruption to property owners and interest

EB-2019-0123  
Exhibit A  
Tab 2  
Schedule 1  
Page 5 of 7

holders by requesting property interests that are no larger and no more extensive than necessary.

13. A map of the entire project route is provided in Appendix A to this application. A description of the rights sought by NextBridge for the Permanent Line Easements is provided in Appendix B. Descriptions of the rights sought for Permanent Road Easements and Temporary Road Easements are provided in Appendixes C and D, respectively. Descriptions of the rights sought for the Short Term Lease are provided in Appendix E.
14. The total number of parcels of land in respect of which NextBridge seeks authority to expropriate is 23. At Appendices F-1 to F-23 of this application, NextBridge has provided specific information and documents relating to each of the parcels of land that are the subject of this application for authority to expropriate. More particularly, Appendices F-1 to F-23 set out the following information and documents for each of the parcels:
  - a) name and address of the owner of the parcel of land (with personal information redacted in accordance with the Board's policies);
  - b) names and addresses and interests held by any other persons with apparent interests in the particular parcel of land (with personal information redacted in accordance with the Board's policies);
  - c) nature of the property interest that NextBridge seeks to expropriate (Permanent Line Easement, Permanent Road Easement, Temporary Road Easement, or Short Term Lease);
  - d) legal description of the parcel in respect of which NextBridge seeks authority to expropriate;

Filed: 2019-04-17  
EB-2019-0123  
Exhibit A  
Tab 2  
Schedule 1  
Page 6 of 7

- e) a plan; and,
  - f) ortho-imagery property sketches that were previously provided to property owners for illustrative purposes.
15. NextBridge is engaged in ongoing negotiations with property owners and is close to agreement with certain property owners. In the event that successful negotiations with property owners result in additional agreements, such that authority to expropriate is no longer needed in respect of any of the parcels referred to above, NextBridge will update Appendix F to reflect the reduced number of parcels of land in respect of which authority to expropriate is needed.
16. NextBridge therefore respectfully requests that the Board make the following orders:
- a) an order granting authority to expropriate interests in land, particulars of which are provided in Appendices F-1 to F-23 of this application, subject to any revision to these Appendices that may be provided by NextBridge if it reaches additional agreements with property owners;
  - b) such further and other orders as are needed for the notice, conducting and consideration of this application; and
  - c) such further or other interim or final orders as NextBridge may request and the Board may deem appropriate to allow NextBridge to construct, operate and maintain the EWT Project in the public interest.
17. Construction of the EWT Project is expected to begin in June, 2019. Based on the current schedule for construction, NextBridge requires access to the land described in this application by December, 2019. As such, Nextbridge requests a

Department no.:

Thank you for shipping online with FedEx ShipManager at [fedex.com](https://www.fedex.com).

### Please Note

FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1000, e.g., jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits; Consult the applicable FedEx Service Guide for details. The estimated shipping charge may be different than the actual charges for your shipment. Differences may occur based on actual weight, dimensions, and other factors. Consult the applicable [FedEx Service Guide](#) or the FedEx Rate Sheets for details on how shipping charges are calculated.

Thank you for shipping online with FedEx ShipManager at [fedex.com](https://www.fedex.com).

### Please Note

FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1000, e.g., jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits; Consult the applicable FedEx Service Guide for details.  
The estimated shipping charge may be different than the actual charges for your shipment. Differences may occur based on actual weight, dimensions, and other factors. Consult the applicable [FedEx Service Guide](#) or the FedEx Rate Sheets for details on how shipping charges are calculated.

**EXHIBIT "E"**

**NEXTBRIDGE WEBSITE**

http://www.nextbridge.ca/ NextBridge Infrastructure H...

## NextBridge Infrastructure is comprised of three established brands in the energy industry

NextBridge Infrastructure (NextBridge) is a partnership between affiliates of NextEra Energy Canada, Enbridge Inc. and OMERS Infrastructure, established to participate in the Ontario transmission market. Collectively, the partnership submitted a proposal to the Ontario Energy Board (OEB) for the planning, development, construction, ownership, operation and maintenance of the East-West Tie (EWT) transmission project (the Project) in Northern Ontario. On August 7, 2013 NextBridge was designated by the OEB to develop the EWT line and to file a leave-to-construction application.

The Project is an approximately 450 km double-circuit 230 kilovolt transmission line from the Wawa Transformer Station (TS) to the Lakehead TS in the Municipality of Shuniah, near Thunder Bay, ON, with a connection approximately mid-way at the Marathon TS. The Project will also require new and improved access roads and temporary laydown and work areas.

**Latest News:**

On April 17, 2019, NextBridge submitted an application for expropriation to the Ontario Energy Board and on May 28, 2019 the Ontario Energy Board issued a [Notice of Application \(Version francais\)](#). The full application is available for download and viewing [here](#). It is also available on the OEB website.

Thank you for attending our Pre-Construction Open Houses the week of May 6. If you weren't able to attend or would like to review material that was presented, please click [here](#).
