Dear Ms. Cossette:

**Re: Request for late intervenor status
Hydro One Networks Inc. (Hydro One Networks)
Application for 2020-2022 Transmission Rates
Ontario Energy Board File Number: EB-2019-0082**

This letter is in response to HQ Energy Marketing Inc.'s ("HQEM") request for late intervenor status in the above-referenced application. HQEM's intervention request was received by the Ontario Energy Board (OEB) on June 5, 2019 after the deadline for filing such requests had closed.

HQEM states that as a transmission customer it has a direct interest in this application and that the outcome of the proceeding may have a substantial and direct affect on HQEM.

Hydro One Networks did not object to HQEM's request.

The OEB is satisfied that HQEM has a "substantial interest" in the proceeding within the meaning of Rule 22.02 of the OEB's *Rules of Practice and Procedure* and is approved as an intervenor. HQEM shall accept the record to this point and is reminded that pursuant to Procedural Order No. 1, dated May 30, 2019, intervenor interrogatories are due by July 3, 2019.

Yours truly,
