Dear Ms. Walli,

EB-2016-0315 - Implementation of the Ontario Energy Board Decision to Eliminate the Hydro One Networks Inc. Distribution Seasonal Rate Class – Request for Extension

The Ontario Energy Board's Procedural Order #2 in proceeding EB-2016-0315 directed Hydro One to file an updated Seasonal report no later than three weeks after the issuance of the final rate order in Hydro One's 2018-2022 distribution rates proceeding EB-2017-0049. The final (revised) rate order in EB-2017-0049 was issued on June 11, 2019, which established July 2 as the filing date for the updated Seasonal report.

There is a significant amount of work required to update the Seasonal report to reflect the EB-2017-0049 Decision, and the same resources working on the report update have also been engaged in a number of other active proceedings, including; Orillia and Peterborough MAAD interrogatories (EB-2018-0270 and EB-2018-0242), 2019 Hydro One Transmission rate order (EB-2018-0130), update to the 2020-2022 Hydro One Transmission Application (EB-2019-0082), and the 2019 Hydro One Sault Ste. Marie Transmission rate order (EB-2018-0218).

Hydro One is working diligently to complete the updated Seasonal report as soon as possible, but given the numerous other active proceedings, anticipates being able to file the updated report the week of July 15th.

Sincerely,
