Dear Ms. Walli:

Re: EB-2017-0049 Cost Claim – Anwaatin Inc.

Please find attached the cost claim of Anwaatin Inc. (**Anwaatin**) for the above-referenced proceeding (the **Proceeding**), filed pursuant to the Board's Interim Rate Order, revised June 11, 2019.

Anwaatin respectfully requests an award of 100% of its eligible costs, given its strategic and principled participation in the Proceeding on behalf of otherwise unrepresented First Nations communities. Anwaatin submits that this request is supported by the following considerations:

- (i) Anwaatin participated effectively, taking a surgical, principled, and coordinated approach to the issues and undertaking coordination with other intervenors to avoid overlap and maximize efficiency in all aspects of the Proceeding;
- (ii) Anwaatin participated responsibly and made reasonable efforts to ensure that its participation was not unduly repetitive and was focused on relevant and material issues;
- (iii) Anwaatin contributed to the Board's better understanding of issues in the Proceeding by filing interrogatories, conducting cross-examination, and providing final written submissions; and
- (iv) the Board's Decision and Order in the Proceeding recognized the contributions of Anwaatin to the Proceeding and expressly commended Hydro One Networks Inc. (**HONI**) and the Anwaatin group of First Nations communities "for providing an example of how a cooperative approach can result in mutually beneficial outcomes".

Counsel to Anwaatin also represented another cost-eligible intervenor, Energy Storage Canada (**ESC**), in the Proceeding. The following governing approach has therefore been applied to the

apportionment of legal costs between Anwaatin and ESC to maximize efficiency and minimize costs for all parties and HONI:

- (i) time spent on review of any and all communications from the Board, HONI or other intervenors was apportioned equally (50% each) between Anwaatin and ESC;
- (ii) communications, strategy, evidence, interrogatories, and submissions for or on behalf of Anwaatin was apportioned only (100%) to Anwaatin;
- (iii) communications, strategy, evidence, interrogatories, and submissions for or on behalf of ESC was apportioned only (100%) to ESC;
- (iv) to the extent that more than one legal professional was attendant on the same activity (phone calls, hearing attendance, or other), the costs were zero-rated for one of the legal professionals.

We trust that this approach maximizes efficiency and the right of otherwise unrepresented First Nations communities facing electricity reliability and other energy issues to be heard in a manner that is consistent with the Board's mandate and statutory objectives. Anwaatin respectfully requests a full award of eligible costs.

Sincerely,

A handwritten signature in black ink, appearing to read "Jonathan McGillivray". The signature is fluid and cursive, with the first name "Jonathan" being more prominent than the last name "McGillivray".
