LETTER OF COMMENT

Comments:

I do not agree with Alectra Utilities Corporation's application to the Ontario Energy Board to raise the electricity distribution rates it charges in its five rate zones effective January 1, 2020. I do not agree with Alectra Utilities Corporation's application for approval of a rate-adjustment mechanism to fund capital investments that it says it is unable fund through current rates. I have no opinion on Alectra Utilities Corporation's request that the Ontario Energy Board reverse its previous decision to establish capitalization deferral accounts for each of the Brampton, Enersource and Horizon rate zones.
