LETTER OF COMMENT

Comments:

Hello, I am writing to the Ontario Energy Board, to stop the price increase for 2019-2023. We are an advanced manufacturing solution provider for many startups, product development companies, automotive, aerospace, medical, etc,etc. By increasing our electricity expenses, we will not be able to compete in the global marketplace. Please reconsider increasing prices, as it will not only effect our company, but many companies who leverage us for their future growth. - John Frangella
