Re: EB-2019-0018 – Application by Alectra Utilities for rate increase

To whom it may concern;

I am writing in opposition to this application as the proposed rate increases discriminate based on where a ratepayer lives. The application proposes, for example, to only raise prices in Guelph by \$0.11 but by \$0.81 in Barrie. I feel this is unfair to ratepayers in Barrie. The notice I was sent by Alectra does not explain the disparity in the rate areas.

P.S. I was only notified of this hearing on 26 June 2019 with a deadline of 2 July 2019 to provide feedback. I request that in the future Alectra be required to give notice to ratepayers of at least 60 days.
