Subject: Distribution rate increase

To whom it may concern,

I received notice that Alectra Utilities has a hearing scheduled to request a distribution rate increase. This is not acceptable. Seniors, disabled and low income earners are already having difficulties paying for the essentials of life. On behalf of all the above mentioned, and myself, being a disable pre-senior, I am begging you to reject their request. This will only bring more hardship to people already trying to make ends meet.

Kindest Regards,

Mrs. Sharon Smith
