Dear Ms. Walli:

ENGLP Reply Submission
Re: EB- 2019-0101 – Decision and Order EPCOR Natural Gas LP (Aylmer Operation)
2019 Federal Carbon Pricing Program Application

Please accept this letter as ENGLPs' reply submission to the OEB Staff Submission dated July 26, 2019. In response to OEB Staff's submission, ENGLP has reflected two changes to its tariff sheets.

ENGLP accepts OEB Staff's submission and has updated each line titled "Federal Carbon Charge" on each tariff sheet (see attached) to include the words "if applicable".

ENGLP also accepts the OEB Staff submission that the Facility Carbon Charge under Rate 6 should be shown as a volumetric rate applied to actual monthly consumption, consistent with all other rate classes. Accordingly, ENGLP has adjusted the Facility Carbon Charge shown under Rate 6. The updated tariff sheets are attached to this letter.

Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "V. Cooney", is written over a light blue circular background.
