Hello,

Please see the attached information and documents to amend to our existing OEB Electricity Generation License for London District Energy (Lic. #: EG-2007-0775).

We are amending our license to update the primary contact and key Individuals based on recent changes within our organization.

License Primary Contact:

Jason Brimble
General Manager – East Region
Enwave Energy Corporation
333 Bay Street, Suit 710, Toronto, Ontario, Canada M5H2R2
Phone: 416-338-8906 Email: Jason.Brimble@enwave.com

Application Primary Contact:

Tim Walach
Senior Vice President and General Manager
Enwave Energy Corporation
301 Colborne Street, London, Ontario, Canada, N6B2S8
Phone: 519-996-5534 Email: tim.walach@enwave.com

We have included the supporting documents and details (see attached documents).

As part of the amendment, we request the existing London Cogeneration facility 17.25 MW unit located at 301 Colborne Street, London, Ontario to be identified as "Talbot - CHP". *In addition*, we are adding a second CHP unit to our generating facility. The second unit has a capacity of 19.9 MW and will be identified as "Nelson TS – CHP" it is currently under construction and we anticipate the unit will begin service by the end of October 2019.

We have also included audited financial statements.

Regards,

Adrish Khan
Project Manager | Enwave Energy Corporation
