Dear Ms. Walli:

**Re: Enbridge Gas Inc. ("Enbridge")
EB-2018-0319 – Open Bill Access Services**

We act as counsel to Enbridge in this matter.

We write to advise you that the parties are continuing to work towards a potential Settlement Proposal in this proceeding. The parties met for a full day on July 26th and had useful discussions about areas of resolution. However, because of the large number of interested parties (many of whom have different perspectives) and because of the need to collect more information, the parties have not been able to complete their settlement discussions.

We request (on behalf of all parties) that the Board make provision for an additional day of continued Settlement Conference in this matter. Based on the schedules of the parties and availability of OEB facilities, we request and propose that the continued session be held on September 4th.

If this proposal is acceptable, we request that the other dates in Procedural Order No. 5 (regarding dates for a Settlement Proposal) be adjusted accordingly to reflect the new Settlement Conference date.

Yours truly,

AIRD & BERLIS LLP
