Dear Ms. Walli:

Request for an Extension to File Technical Conference Undertaking
Responses**

We are legal counsel to Hydro One in this matter. This letter is to request a change in the date for the filing of responses to technical conference undertakings set out in Procedural Order No. 1 from August 19 to August 28, 2019.

During the technical conference, Hydro One provided forty-three undertakings, some of which are complex and require a substantial amount of work. Furthermore, included in these undertakings are technical conference questions submitted by parties in writing related to Hydro One’s Panel 4 (a series of questions being marked as one undertaking). Hydro One agreed to respond to those questions by way of undertaking and advised parties that, given the complexity and number of questions, additional time may be required to respond. Because of the foregoing, Hydro One will not be able to file all of its undertaking responses on August 19 as set out in Procedural Order No.1. Hydro One will, however, work to respond to undertakings in as timely a manner as possible. Hydro One will provide the undertaking responses in relation to information sought by Board Staff on behalf of Pacific Economics Group as soon as possible, and likely by August 19, 2019. Hydro One expects to file many of the remaining undertaking responses by August 21, 2019, with the more time consuming and complex responses filed by August 28, 2019.

Yours truly,

Charles Keizer
