Dear Ms. Walli

**Re: Energy+ Inc. OEB File Number: EB-2019-0180
Notice of Hearing and Procedural Order No. 1**

We are in receipt of the Ontario Energy Board's Notice of Hearing and Procedural Order No. 1 dated August 16, 2019 (the "Order"). The Order provides that Energy+ may file any further written submissions and any documentation in support of the threshold question and the merits of the motion by August 29, 2019.

We write to ask for an extension of time until September 13, 2019 to file the requisite evidence. The reason for the request for an extension is that the applicant, Energy+ has retained an expert, CBRE Limited ("CBRE"), to provide an expert opinion in respect of the matters at issue in the motion. Energy+ and CBRE will not be in a position to complete the expert report until September 13, 2019.

As Energy+ intends to rely upon expert evidence, we would also suggest that the OEB provide an additional step in the timetable to allow for the discovery of the expert in case staff or any of the parties or interveners wish to test the new evidence.

Given the underlying timelines on the application and motion, we do not expect that this brief indulgence would cause any prejudice to any party.

Thank you in advance for your consideration of this request.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Skajewska".
