Dear Ms. Walli:

Re: EB-2019-0105 – Enbridge Gas Inc. (EG) 2018 Disposition of Deferral & Variance Account Balances and 2018 Utility Earnings.

Industrial Gas Users Association (IGUA) Request for Intervention.

We write as legal counsel to IGUA to request that IGUA be granted intervenor status in the captioned proceeding.

Description of IGUA

IGUA is an association of industrial companies located in the Canadian provinces of Ontario and Québec, who use natural gas in their industrial operations. IGUA was first organized in 1973 and it provides a coordinated and effective public policy and regulatory voice for those industrial firms depending on natural gas as a fuel or feedstock. IGUA has become the recognized voice representing the industrial user of natural gas before regulatory boards and governments at both the provincial and national levels.

The Association's activities are guided by a 15 member Board of Directors, constituted to assure that each industrial sector and geographic region is represented. The Board of Directors has regularly scheduled meetings at least six times each year. A full time President and other staff are based in a permanent office in Ottawa.

Through regulatory intervention, government advocacy, marketing, promotion, partnerships, education and outreach, IGUA successfully represents industrial gas users. Our mission is to be the voice of our members within the natural gas industry through intervention, advocacy, and partnerships.

Nature and Scope of IGUA's Intended Participation

As representative of EG's large volume industrial customers IGUA intends to continue to actively participate in gas distribution rate related proceedings. IGUA was an active participant in Enbridge Gas Distribution's 2014-18 Rates Application (EB-2012-0459), Union Gas' 2014-2018 Rates Application (EB-2013-0202), Enbridge Gas Distribution's 2018 Rates Application (EB-2017-0086) and Union Gas' 2018 Rates Application (EB-2017-0087), and seeks to continue its participation in these matters through intervention in this application to dispose of EG's 2018 variances and deferrals.

We are reviewing EG's evidence and will then be able to determine with more particularity our advice to IGUA and IGUA's position on EG's proposed dispositions insofar as they impact EG's large volume customers.

Intention to Seek an Award of Costs

IGUA also hereby requests that it be determined eligible for recovery of its reasonably incurred costs of its intervention herein.

As a party primarily representing the direct interests of industrial consumers (i.e. ratepayers) in relation to regulated services, IGUA has in the past been determined to be eligible for cost awards pursuant to section 3.03(a) of the Board's *Practice Direction on Cost Awards*.

Request for Written Evidence and Contact Information
