Dear Sir or Madam:

**Re: Nucon Utility Services Corporation  
Cancellation of Licence ES-2017-0300**

Due to reasons outside of our control and a shifting landscape, the decision has been made by the Senior Management Team of Nucon Utility Services Inc. ("Nucon") to cancel its sub-metering licence. It was Nucon's intention to provide sub-metering services to multi-family buildings across the Province, but the company has made a strategic direction to shift its focus to other business opportunities.

Nucon is not currently billing and customers and has no customers signed up to be billed, so no communication to any customers is required.

We trust that this letter is sufficient for the cancellation of the licence, but if further information is required please contact the undersigned.

Yours truly,
