**Re: Alectra Utilities Corporation (Alectra Utilities)  
Application for 2020 Electricity Distribution Rates  
Ontario Energy Board (OEB) File Number: EB-2019-0018  
Technical Conference - October 7 & 8, 2019**

Procedural Order No. 1 dated July 9, 2019 made provision for parties to file interrogatories on the M-Factor proposal of Alectra Utilities' 2020 rate application and for Alectra Utilities to respond to those interrogatories by September 13, 2019.

The OEB has reviewed the responses to interrogatories provided by Alectra Utilities and has determined that a transcribed technical conference would be helpful in clarifying any matters stemming from the interrogatory responses. The OEB therefore confirms that a technical conference will be held on October 7, 2019 and if required, continue on October 8, 2019.

The scope of the technical conference shall be limited to issues arising from Alectra Utilities' interrogatory responses associated with its M-Factor proposal.

Parties intending to participate are reminded to notify Alectra Utilities and copy other participants of their topic areas for questioning by September 27, 2019.

Yours truly,
