## **Jim MacDougall, P.Eng**

An Ontario electricity sector professional with over 30 years experience, Mr. MacDougall has had in depth experience in the design, development and implementation of renewable energy procurement in Ontario, including the Feed-in Tariff Program, the Renewable Energy Standard Offer Program and Clean Energy Standard Offer Programs as well as the competitive Renewable Energy Supply III procurement. He oversaw the research and the consultation on pricing for the FIT 1.0 and has excellent contacts within Cansia, Canwea, the Ontario Water Power Association and the Ontario Sustainable Energy Association. As a member of the CanSIA Board of Directors, Mr. MacDougall has advocated internally for decreasing FIT pricing based on cost reductions in global markets and lower balance of plant costs then seen in other markets. His former positions with the Ministry of Energy, Toronto Hydro Energy Services, the Ontario Energy Board, and most recently with the Ontario Power Authority give him unique perspective in the industry and he has advised a number of the largest developers and investors in wind and solar in Ontario.
