- 1.3 If the proposed recipient is not a licensed distributor or transmitter, is it a distributor or transmitter that is exempted from the requirement to hold a distribution or transmission licence?

☒ Yes
☐ No

The recipient is not a licensed distributor. While section 57 of *the OEB Act* (“*the Act*”) requires a distributor to hold a licence, section 4.0.1(1)(b) of Ontario Regulation 161/99 provides an exemption to section 57 of *the Act* for a distribution system owned or operated by the distributor that is entirely located on land owned or leased by the distributor. As such, since the asset to be sold is entirely on land owned by the recipient, Edgewater Family Camping Resort (“Edgewater Resort”), the recipient is exempted from section 57 of *the Act*.

PART II: DESCRIPTION OF ASSETS TO BE TRANSFERRED

- 2.1 Please provide a description of the assets that are the subject of the proposed transaction.

Upon approval, the following assets would be sold:

- Two 50 kVA overhead transformers that have been in-service since 2018.

- 2.2 Please indicate where the assets are located – whether in the applicant’s service area or in the proposed recipient’s service area (if applicable). Please include a map of the location.

The assets are entirely within the grounds owned by the purchaser of the assets. (Please see Attachment 2 – Map)

- 2.3 Are the assets surplus to the applicant’s needs?

☐ Yes
☒ No

If yes, please indicate why the assets are surplus and when they became surplus.

- 2.4 Are the assets useful to the proposed recipient or any other party in serving the public?

☒ Yes
☐ No

If yes, please indicate why.

The assets are only utilized in servicing the customers within the Edgewater Resort.

- 2.5 Please identify which utility’s customers are currently served by the assets.

The assets will be used in servicing the same customers they serve today. The customers are Hydro One customers. Should the sale be approved, a primary metering unit will be installed whereby Hydro One charges Edgewater Resort, and Edgewater Resort will become responsible for billing its individual services.

- 2.6 Please identify which utility’s customers will be served by the assets after the transaction and into the foreseeable future.

The assets will continue to serve the same Hydro One customers. After the sale, the asset will be owned by the customer instead of the utility, but Hydro One will continue to supply electricity to this customer.

PART III: DESCRIPTION OF THE PROPOSED TRANSACTION

3.1 Will the proposed transaction be a sale, lease or other?

- ☒ Sale
☐ Lease
☐ Other

If other, please specify.

3.2 Please attach the details of the consideration (e.g. cash, assets, shares) to be given and received by each of the parties to the proposed transaction.

This is a cash sale. The sale price is \$9,397.36 plus HST. The sale price represents the net book value of the assets.

3.3 Would the proposed transfer impact any other parties (e.g. joint users of poles) including any agreements with third parties?

- ☐ Yes
☒ No

If yes, please explain how.

3.4 Would the proposed transfer impact distribution or transmission rates of the applicant?

- ☐ Yes
☒ No

If yes, please explain how.

3.5 Will the transaction adversely affect the safety, reliability, quality of service, operational flexibility or economic efficiency of the applicant or the proposed recipient?

- ☐ Yes
☒ No

If yes, please explain how.

PART IV: WRITTEN CONSENT/JOINT AGREEMENT

4.1 Please provide the proposed recipient's written consent to the transfer of the assets by attaching:

- (a) a letter from the proposed recipient consenting to the transfer of the assets;
- (b) a letter or proposed sale agreement jointly signed by the applicant and the proposed recipient agreeing to the transfer of the assets; or
- (c) the proposed recipient's signature on the application.

(a) A letter from the proposed recipient consenting to the sale of assets is included as Attachment 1.

PART V: REQUEST FOR NO HEARING

- 5.1 Does the applicant request that the application be determined by the Board without a hearing? If yes, please provide:
- (a) an explanation as to how no person, other than the applicant or licence holder, will be adversely affected in a material way by the outcome of the proceeding; and
 - (b) the proposed recipient's written consent to dispose of the application without a hearing.
- (a) The line serving the park terminates at the customer's site. The transfer of ownership will have no effect on any other customers connected to the feeder. There will be no changes in the operation of the feeder, therefore no change in service to other customers or persons.
- (b) The letter is found in Attachment 1.

PART VI: OTHER INFORMATION

- 6.1 Please provide the Board with any other information that is relevant to the application. When providing this additional information, please have due regard to the Board's objectives in relation to electricity.

Re: Edgewater Park

It is our understanding that approval is required by the Ontario Energy Board (OEB) for the sale of assets by Hydro One. Edgewater Park fully supports Hydro One's actions with the Board to obtain approval of this minor transaction without a hearing.

We would like to expedite this process as ownership of the assets enables us to complete work on the campground.

Furthermore, no other party would be affected by this sale. Therefore, we would appreciate an approval of this transaction as soon as possible.

Thank you for your assistance in this matter.
