EB-2006-0034 – Enbridge Gas Distribution 2007 Rates Application – Hydro One Networks Notice of Intervention

In response to the Ontario Energy Board's Notice of Application dated September 7, 2006, Hydro One Networks Inc. ("Networks") hereby gives notice of its intention to intervene in the above-noted proceeding. Networks intends to participate in the proceeding as necessary to determine issues, clarify or test evidence through interrogatories, and, if required, provide argument on issues pertinent to its interests. If the Board proceeds by way of an oral hearing, Networks may cross-examine witnesses to the hearing as required to assist it in review of the evidence and in preparation for any argument it may file. Networks takes no position on whether the proceeding should be written or oral.

Networks is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Networks is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. As such, Networks appears regularly before the Ontario Energy Board and is affected by certain issues which may be treated similarly or which intervenors may urge the Board to treat similarly across the gas and electricity sectors. Networks therefore has significant interest in the issues raised in EB-2006-0034.

Networks is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Networks requests that documents filed with the Board in this proceeding be served as follows –

Mr. Glen MacDonald
Senior Advisor – Regulatory Research and Administration
