

October 31, 2019

Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: Certificates of Public Convenience and Necessity
Norfolk County, the County of Elgin and the County of Middlesex
Ontario Energy Board File Number: EB-2017-0108**

On October 17, 2019, the Ontario Energy Board issued its Decision and Order in the above noted proceeding which granted each of Enbridge Gas Inc. (Enbridge Gas) and EPCOR Natural Gas Limited Partnership (ENGLP) new certificates of public convenience and necessity (CPCNs) for limited areas within Norfolk County, the Municipality of Bayham, the Municipality of Central Elgin, the Township of Malahide in the County of Elgin, and the Municipality of Thames Centre in the County of Middlesex.

Upon further review of the orders listed on pages 6 and 7 of the Decision and Order, Enbridge Gas would like to request that a change be made to the description of changes to the existing CPCN F.B.C. 259 to provide a more comprehensive listing of the former municipalities that are impacted by the current Decision and Order. Our suggested revisions are as follows:

2. The certificates of public convenience and necessity attached as Schedules A1 to A5 of this Decision and Order cancel and supersede the following prior Enbridge Gas Inc. certificate authorizations:

a. Those parts of F.B.C. 259 related to the County of Elgin, ~~the former County of Norfolk, the former Town of Delhi, the former Town of Port Dover, the former Town of Simcoe,~~ the former Township of Charlotteville, the former Township of Houghton, the former Township of Middleton except for those parts in Oxford County, the former Township of North Dorchester, the former Township of North Walsingham, the former Township of South Walsingham, those ~~former~~ parts of the Township of Southwold within the Municipality of Central Elgin, the former Townships of Townsend and Woodhouse except those parts lying in the Haldimand County, the former Township of Westminster, the former Township of Windham, the former Township of Yarmouth except those parts within the City of St. Thomas, ~~the former Village of Dorchester, the former Village of Port Rowan, and the former Village of Port Stanley-except those parts within the Township of Southwold~~ and the former Village of Waterford.

ENGLP has indicated that the wording included in the CPCN issued to them in the Decision and Order for the Municipality of Thames Centre should be revised in the section titled “Former Township of Dorchester” to more accurately reflect the location of their assets. ENGLP is proposing the following revisions:

Concession 2 – Those portions of Lots 1 and 2 lying south of Highway 401, and those parts ~~2793 Bradley Avenue in the eastern portion~~ of Lot 1 lying north of Highway 401 identified as 2793 Bradley Avenue and 3073 Westchester Bourne.

Enbridge Gas agrees with the proposed ENGLP’s change to its CPCN for the Municipality of Thames Centre.

Should you have any questions on this submission, please do not hesitate to contact me.

Yours truly,

[Original Signed By]
