Dear Mr. Myers:

**Re: Alectra Utilities Corporation (Alectra Utilities)  
Application for 2020 Electricity Distribution Rates  
Ontario Energy Board (OEB) File No. EB-2019-0018**

The OEB is in receipt of Alectra Utilities' November 20, 2019 letter requesting an extension to the deadlines for filing its reply submissions on the M-Factor and the capitalization policy elements of its application.

Procedural Order No. 1 issued on July 9, 2019 established November 25, 2019 as the deadline for Alectra Utilities to file its reply submissions on the M-Factor elements of the application. The OEB issued Procedural Order No. 4 on October 17, 2019, which established November 28, 2019 as the deadline for Alectra Utilities to file its reply submissions on the capitalization policy elements of the application.

In its letter dated November 20, 2019, Alectra Utilities noted that it received late submissions from a number of intervenors. Alectra Utilities noted that it will file its reply submissions on the M-Factor elements of the application, as well as its reply submissions on the capitalization policy elements of the application, by no later than Friday, November 29, 2019.

The OEB grants the extension proposed by Alectra Utilities for filing its reply submissions on the M-Factor elements of the application and reply submissions on the capitalization policy elements of the application.

Yours truly,
