Good Morning,

Enbridge Gas Inc. ("Enbridge Gas") is seeking approval from the Ontario Energy Board ("OEB") for leave to construct approximately 1.2 kilometres of 6620 kPag, NPS 20 pipeline from the Dow Valve Site to the Bluewater Interconnect (the "Project"). The Project also includes construction of a new LaSalle Pipeline Valve Site in the area of the Bluewater Interconnect, tie-in's to the existing Sarnia Industrial Line ("SIL") system, modifications to the existing Novacor Corunna Station and Dow Valve Site and a provision for tie-in to the Shell Take-Off Valve Site.

Enbridge Gas is also seeking approval of the Form of Easement and Temporary Land Use agreements required to construct the Project.

On November 18, 2019, the OEB issued the Notice of Application and the Letter of Direction for the proceeding.

Attached, please find a copy of the OEB's Notice of Application. Due to the size of the application and evidence in this proceeding it is available on our website, and not attached to this email. A paper copy of the Evidence filed in this proceeding is available upon request or can be viewed by accessing the link below:
