**COST SUBMISSIONS OF POWERLINE CONNECTIONS**

---

**BACKGROUND:**

1. Powerline Connections comprises a group of approximately 200 property owners directly affected by the Applicant's proposal. Powerline Connections has Intervenor standing in this matter.
2. On the basis of the foregoing, and pursuant the *Ontario Energy Board – Practice Direction on Cost Awards*, July 4, 2007 Decision and Order, Letter dated May 23, 2008 from the OEB setting the schedule for the Staged Cost Award Process and Procedural Order No. 11 dated June 17, 2008, it is respectfully submitted that Powerline Connections is eligible for an award of costs in respect of section 92 (1.1) proceedings (the “Leave to Construct Proceedings”).

### **PRINCIPLES IN AWARDING COSTS:**

3. Powerline Connections respectfully submits that its participation in the Leave to Construct Proceedings was reasonable.
4. Through intensive discussions with the Applicant prior to the commencement of the hearing, Powerline Connections:
  - a. narrowed the issues for the hearing;
  - b. saved time, costs and Board resources;
  - c. limited the need for its own involvement at the hearing, thereby maximizing the efficiency of the Board's process, avoiding duplication of effort, scoping cross-examinations, and ensuring timely completion of the hearing;
  - d. avoided the time and expense of preparing for the hearing; and,
  - e. achieved a high degree of success in resolving its owners' concerns in a cost effective and efficient manner.
5. Powerline Connections submits that its contribution to the Leave to Construct Proceedings conclusively supports the costs claimed herein as reasonable and justifiable in the circumstances.

### **REIMBURSEMENT FOR COSTS CLAIMED:**

6. Powerline Connections seeks reimbursement for Counsel Fees as outlined on the Board Approved form entitled: *Summary Statement of Hours-Consultants and Legal Counsel*, submitted for each timekeeper, attached hereto as Appendix "B" - Form 1, together with detailed time dockets.
