Re: Enbridge Gas Inc. – 2021 Dawn Parkway Expansion Project

Ms. Long

As Christians, we believe that we have a moral responsibility to care for the earth, to be good stewards.

Therefore, I am writing to you on behalf of EcoWHam, the Eco churches of West Hamilton, with respect to Enbridge's proposal to build a fracked gas pipeline across Flamborough from Kirkwall to Highway#6.

We have concerns about the continued expansion of the fossil fuel industry in a time of rapid climate change and consequently about this pipeline proposal. We are also concerned about the process being followed, given the short timeline for the review. It is important that there be a thorough assessment of the significant issues raised by the Enbridge proposal, that there is maximum transparency, and sufficient opportunity for public input and to view hearings. To satisfy these concerns we feel that it is critical that an oral hearing be held.

Thank you for your consideration.

Sincerely,

Wayne Poole

Chair, Eco Churches of West Hamilton
