Re: 2020 Price Cap IR Rates Application – Draft Decision and Order Acceptance
Board File No.: EB-2019-0030

Dear Ms. Walli,

Entegrus Powerlines Inc. (“Entegrus”) has reviewed the Draft Decision and Order issued December 2, 2019, in respect of the above noted file. Entegrus confirms that the draft Tariff of Rates and Charges for the Entegrus - Main rate zone as shown in Schedule B is complete and accurate. Entegrus confirms that the draft Tariff of Rates and Charges for the Entegrus – St. Thomas rate zone shown in Schedule A is complete and accurate, with the following exception:

- The calculation of the “Rate Rider for Disposition of Deferral/Variance Accounts (2020)” for each applicable rate class does not appear to include all appropriate updates. In the Rate Generator file issued as part of this draft decisions, Entegrus activated the macros and clicked through each tab. The following DVA rate riders were calculated for each rate class:

Rate Class	Deferral/Variance Account Rate Rider	Deferral/Variance Account Rate Rider for Non-WMP
RESIDENTIAL SERVICE CLASSIFICATION	-\$0.0033	\$0.0000
GENERAL SERVICE LESS THAN 50 KW SERVICE CLASSIFICATION	-\$0.0039	\$0.0000
GENERAL SERVICE 50 to 4,999 kW SERVICE CLASSIFICATION	-\$0.9850	-\$2.4004
SENTINEL LIGHTING SERVICE CLASSIFICATION	-\$0.0060	\$0.0000
STREET LIGHTING SERVICE CLASSIFICATION	-\$3.3731	\$0.0000

Entegrus notes, the above change will update the Entegrus – St. Thomas monthly total bill decrease noted on Page 1 of the Decision and Rate Order from \$1.65 to \$1.42 for a residential customer consuming 750 kWh.

If you have any further questions, please do not hesitate to contact me at (519) 352-6300 extension 243 or via email at regulatory@entegrus.com.

Sincerely,

[Original Signed By]
