Dear Ms. Long:

**EB-2019-0007 – Application for Leave to Construct the Waterdown to Finch Pipeline**

**Re: Updated Consultation Log and Request for Modification to Procedural Steps and Timelines**

In recognition of the time that has passed since Imperial Oil Limited's ("**Imperial**") consultation records were first filed and the correspondence filed with the Ontario Energy Board (the "**OEB**") regarding Imperial's more recent consultation efforts, Imperial will be filing updated consultation logs and information in order to ensure that all intervenors and the OEB have the best available information before such parties make their final submissions.

Additionally, Imperial believes that the OEB and intervenors would benefit by having a summary of Imperial's position on all of the relevant issues in this proceeding prior to making their final submissions. Therefore, Imperial respectfully requests that the OEB suspend the submission dates outlined in the OEB's Decision and Order of November 14, 2019 and issue a new Procedural Order that provides for the filing of an Argument-in-Chief by Imperial due the week of January 6, 2020, with appropriate dates for the filing of submissions from OEB Staff and intervenors and a final reply by Imperial accordingly.

Imperial will ensure that its updated consultation logs and information are submitted prior to (or contemporaneously with) its Argument-in-Chief to allow for OEB Staff and intervenors to comment on these materials in their submissions.

We thank the OEB in advance for its consideration of these matters. Please do not hesitate to contact the undersigned if you have any questions.

Sincerely,

Patrick G. Welsh
