UNDERTAKING J2.1

Reference:

None.

Undertaking:

To check if KCLP qualifies for the no speed, no load start-up program in the Ontario energy market.

Response:

We assume that the no speed, no load start-up program mentioned refers to the IESO's Real-Time Generation Cost Guarantee ("RT-GCG") program.

At present, while KCLP is eligible to qualify for the RT-GCG program, KCLP is not registered for the RT-GCG program and as such is not eligible to submit costs under the program.
