**Re: EB-2019-0234 Hydro One Networks Inc. (Hydro One) Motion to Review  
Decision to Eliminate Seasonal Rates**

On November 28, 2019, the Ontario Energy Board (OEB) issued Procedural Order (PO) No. 1 in this proceeding, which stated that the OEB had determined that it would provide for written submissions from OEB staff and parties on the motion material filed by Hydro One on October 1, 2019. OEB staff and intervenors were directed to file any submissions with the OEB and forward them to all parties by December 19, 2019.

This is to confirm that the OEB will consider intervenors approved for cost awards in both the proceeding on Hydro One's application for approval of distribution rates for 2015 to 2019 (EB-2013-0416/EB-2014-0247) and the proceeding on Hydro One's application for electricity distribution rates and other charges beginning January 1, 2016 (EB-2013-0416/EB-2015-0079), as eligible for cost awards in the EB-2019-0234 motion proceeding.

Yours truly,
