Dear Ms. Christine Long:

**Re: Upper Canada Transmission, Inc. operating as NextBridge Infrastructure,
LP (“NextBridge”)
Ontario Energy Board (“Board”) File EB-2019-0127
East-West Tie Project – Expropriation Application
Request for Endorsement of EWT 8019**

On September 12, 2019, the Board issued a Decision and Order approving NextBridge’s expropriation of twelve parcels of land. In accordance with the *Expropriations Act*, NextBridge must register the expropriation plans within three months of this Order, or by December 12, 2019.

The Board has approved and endorsed the plans pertaining to 5 of the twelve parcels of land. NextBridge respectfully requests that the Board also approves and endorses the expropriation plan for EWT 8019 (Appendix F-11) in time to meet the above noted deadline. Attached is Appendix F-11 blacklined to indicate that the size of the temporary road required on this parcel of land will be reduced from approximately 6,596 m² to approximately 6,410 m², and to update the reference from the original plan submitted to the plan that was submitted on November 5, 2019. The mylar plan of EWT 8019 couriered to the Board corresponds to the plan submitted on November 5, 2019 and the attached blackline.

Regarding the remaining 6 parcels of land, all of which are owned by Grant Lake and Naveau, NextBridge wishes to update the Board on the status of the negotiations with these landowners. Grant Lake and Naveau have indicated acceptance of the required agreements and NextBridge expects to receive executed agreements in due course, which would remove the need to expropriate these 6 parcels. Once the agreements are executed, NextBridge will advise the Board accordingly.

Please contact the undersigned at nina.lindop@enbridge.com or at (780) 420-5202 if you have any questions.

Yours truly,

(Original Signed)
