Attention: Christine E. Long
Registrar and Board Secretary

Dear Board Secretary:

**Re: FP Resolute Canada Inc. ("Resolute"): Request to submit pre-filed evidence
Ontario Energy Board ("OEB"): File No.: EB-2019-0206**

We are counsel for Resolute in respect of its application dated August 7, 2019 for an order directing the Independent Electricity System Operator ("IESO") to amend the Market Rules relating to the qualifications for participating in Demand Response Auctions (the "**DR Qualification Rules**").

This letter is with respect to evidence to be filed by Resolute in support of its application. The filing of evidence by Resolute has not yet been addressed by the Board. Specifically,

- Procedural Order No. 1 set out directions on interventions, costs, issues list and hearing, but did not address timelines for evidence to be filed in the Application. Nor did it seek submissions on evidence. As well, the motion established by that Procedural Order did not address this issue other than the IESO's offer of providing certain evidence in the course of its submissions.
- Procedural Order No. 2 includes, among other things, a direction that the IESO file certain materials that were before the IESO Technical Panel and Board of Directors by December 20, 2019.

This is to advise that Resolute proposes to file evidence in this application with respect to the purpose and effect of the DR Qualification Rules.

To avoid any risk of delay in the proceeding, Resolute is prepared to file this evidence by **December 20, 2019**, which is the date by which the OEB directed the IESO to provide materials.

All of which is respectfully submitted.

Sincerely,

George Vegh
