Re: Enbridge Gas Inc.-2021 Dawn Parkway Expansion

To the members of the Ontario Energy Board:

Eco-Locke (the Ecological Churches of Locke St.) is an ecumenical group committed to education on environmental issues in Hamilton, Ontario, for the last four years.

We represent Roman Catholic, Anglican, United, Christian Reformed and Unitarian Churches.

We oppose Enbridge's plan to build a new fracked gas pipeline across Hamilton, from Kirkwall to Breezy Corners. This new 48" pipeline would cut across greenbelt and ecologically sensitive lands. Expansion also contradicts the climate emergency action that the City of Hamilton has committed to.

We ask you, please, for an oral hearing on this matter.

Careful and transparent review is necessary, and demands a process that allows public participation.

Respectfully submitted by

Rose Janson, Coordinator of Eco-Locke
