**Application by Resolute FP Canada Inc. for an order  
directing the Independent Electricity System Operator  
to amend the Market Rules relating to  
the qualifications for participating in Demand Response Auctions**

**PROCEDURAL ORDER NO. 3  
December 17, 2019**

On August 7, 2019, Resolute FP Canada Inc. (Resolute) applied to the Ontario Energy Board (OEB), pursuant to section 35 of the Electricity Act, 1998 (Act), for an order directing the Independent Electricity System Operator (IESO) to amend sections 18.2.1 and 19.2.1 of Chapter 7 of the IESO's Market Rules (DR Qualification Rules) (Application). These market rules address the qualifications for participating in the IESO's Demand Response Auctions.

On December 6, 2019, the OEB issued the Decision on Issues List and Procedural Order No. 2, which, among other things, ordered the IESO to file certain evidence by December 20, 2019 and made provision for written interrogatories.

**Evidence**

On December 13, 2019, Resolute filed a letter with respect to evidence it proposes to file in support of its application and noted that Procedural Orders No. 1 and No.2 did not address the issue of evidence to be filed by Resolute or provide a timeline for the filing of such evidence. In the letter, Resolute advised that it proposes to file evidence with respect to the purpose and effect of the DR Qualification Rule by December 20, 2019.

The OEB will grant an opportunity for parties and OEB staff to file any evidence with respect to the issues in the proceeding, consistent with the approved Issues List appended to Procedural Order No.2.

The OEB also makes provision for interrogatories on any additional evidence filed. It is necessary to make provision for the following matters related to this proceeding. The OEB may issue further procedural orders from time to time.

All procedural steps and timelines outlined in the Decision on Issues List and Procedural Order No. 2 remain the same.
