Dear Ms. Gibbons:

**Re: EB-2019-0043 – Hydro One Networks Inc. (Hydro One)
Application for 2020 Electricity Distribution Rates**

The OEB provided a draft Decision and Rate Order and draft Tariff of Rates and Charges in relation to the above-noted proceeding on December 4, 2019. On December 11, 2019, in its comments on the draft of the OEB's decision on the 2020 distribution rates application, Hydro One raised nine items for the OEB's consideration.

The OEB has accepted the proposals referred to in items 1 to 8.

In item 9, Hydro One is, in effect, suggesting that the OEB alter its generic approach used for processing 2020 Price-Cap IR applications. The OEB will not include Hydro One's requested text in Footnote 40 of the Decision. The OEB may consider Hydro One's suggestion for future proceedings.

The OEB has now issued its final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,
