Dear Ms. Long:

**Re: Enbridge Gas Inc.  
Application to Amend Upper-Tier Franchise Agreements**

Attached is an Application by Enbridge Gas Inc. for Orders of the Ontario Energy Board with respect to amended franchise agreements with the District Municipality of Muskoka, the Regional Municipality of Waterloo, the County of Grey, the Regional Municipality of Niagara, the Regional Municipality of Peel and the Regional Municipality of York.

While reviewing franchise agreements held by both legacy Union Gas and legacy Enbridge Gas Distribution, it was determined that the Model Franchise Agreements approved by the OEB (which were attached to municipal bylaws) for 6 upper-tier municipalities are in the form to be used for lower-tier municipalities.

The Model Franchise Agreement for upper-tier municipalities contains the following provision of service clause:

*2. To provide gas service*

*The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Corporation and to the inhabitants of those local or lower tier municipalities within the Municipality from which the Gas Company has a valid franchise agreement for that purpose.*

The Model Franchise Agreement for lower-tier municipalities contains the following provision of service clause:

*2. To provide gas service*

*The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Municipality to the Corporation and to the inhabitants of the Municipality.*

Since none of these 6 franchise agreements are up for renewal within the next few years, Enbridge Gas is requesting that the Ontario Energy Board approve corrections to the provision of service clause in each of these franchise agreements.

As is noted in the application, each of these upper-tier municipalities has agreed to the proposed amendment.

Should you have any questions on this application, please do not hesitate to contact me. I look forward to receiving your instructions.

Yours truly,

19. Enbridge Gas has Franchise Agreements<sup>11</sup> with and a CPCN<sup>12</sup> for the Regional Municipality of York as well as for each of the lower-tier municipalities within the regional municipality.
20. While reviewing franchise agreements held by both legacy Union Gas and legacy Enbridge Gas Distribution, it was determined that the Model Franchise Agreements approved by the Ontario Energy Board (which were attached to municipal bylaws) for the 6 upper-tier municipalities listed above are in the form to be used for lower-tier municipalities.
21. The Model Franchise Agreement for upper-tier municipalities contains the following provision of service clause:

*To provide gas service*

*The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Corporation and to the inhabitants of those local or lower tier municipalities within the Municipality from which the Gas Company has a valid franchise agreement for that purpose.*

22. The Model Franchise Agreement for lower-tier municipalities contains the following provision of service clause:

*To provide gas service*

*The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Municipality to the Corporation and to the inhabitants of the Municipality.*

23. Each of the 6 upper-tier municipalities listed above have agreed to changing this one paragraph (Clause 2) in the currently approved franchise agreements to reflect the clause applicable to upper-tier municipalities. As the amendment does not change the meaning or intent of the original by-laws passed by the municipalities, it appears that, other than the Region of Waterloo, the municipalities have chosen to not issue new by-laws to give effect to the amendment. Correspondence from each of these upper-tier municipalities is attached in Appendix A.
24. Enbridge Gas now applies to the Ontario Energy Board for an Order under section 9 of the *Municipal Franchises Act* and section 19 of the *Ontario Energy Board Act* amending clause 2 of the franchise agreements with the upper tier municipalities of the:
  - i. District Municipality of Muskoka (RP-2001-0067 / EB-2001-0833);
  - ii. Regional Municipality of Waterloo (EB-2006-0053);
  - iii. County of Grey (EB-2015-0263);

- iv. Regional Municipality of Niagara (EB-2009-0307);
- v. Regional Municipality of Peel (EB-2014-0192); and

25. As no parties are adversely affected by this application, the amendments are clerical in nature and all affected parties have agreed to the amendments, Enbridge Gas requests the Ontario Energy Board to grant this application without a hearing or further notice pursuant to section 42.01 of the Board's Rules of Practice and Procedure.
