Dear Mr. Beharriell:

**Re: Algoma Power Inc.
Application for Rates
OEB File Number EB-2019-0019**

The Ontario Energy Board (OEB) issued a Rate Order in the above-noted proceeding on December 5, 2019. On January 8, 2020 Algoma Power contacted the OEB and noted that the Tariff of Rates and Charges issued on December 5, 2019 requires a correction.

The correction relates to the unit description of a rate rider for the Street Lighting rate class and should be listed as follows:

Rate Rider for the Disposition of Group 2 Deferral/Variance Accounts (2020),
effective until December 31, 2020 (0.0012) \$/kWh

The Order, as originally issued, stated:

Rate Rider for the Disposition of Group 2 Deferral/Variance Accounts (2020),
effective until December 31, 2020 (0.0012) \$/kW

The OEB has corrected the error pursuant to its powers under Rule 41.02 of the OEB's Rules of Practice and Procedure, which states that the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions. The OEB considers the error to be a typographical error.

The corrected version of the Tariff is attached and supersedes the version attached as Schedule A to the Final Rate Order.

Yours truly,
