Dear Mr. Kitchen:

**Re: Enbridge Gas Inc.
Windsor Pipeline Replacement Project
Ontario Energy Board File Number: EB-2019-0172**

The Ontario Energy Board (OEB) has reviewed the correspondence and the record concerning the Federation of Rental-housing Providers of Ontario (FRPO) request and does not believe that an oral proceeding would be helpful in resolving the dispute concerning the clarity of the evidence.

The OEB would, however, be assisted by an initial filing of an Argument-in-Chief (AIC) by Enbridge Gas Inc. (Enbridge) addressing the issues in dispute and its onus of proof in this proceeding. In particular, the AIC should address the need and prudence for the size of the pipeline sought to be built with reference to the appropriate sections of the evidence.

The dates for filing of submissions will be changed to accommodate the filing of the AIC, and the subsequent OEB staff and intervenor submissions and Enbridge reply. The OEB will issue a procedural order setting out the revised timelines.

Yours truly,

Original Signed By

Christine E. Long
Registrar and Board Secretary
