**Re: EB-2019-0037 Greater Sudbury Hydro Inc. 2020 Cost of Service  
Pollution Probe Intervenor Request Letter**

Dear Ms. Long:

Pollution Probe is in receipt of the notice for the above noted application and requests intervenor status and that it be eligible for the recovery of reasonably incurred costs for its participation.

Pollution Probe is a frequent intervenor in Board proceedings and a copy of our current Annual Filing can be found on the Board's website at the following location:

<http://www.rds.oeb.ca/HPECMWebDrawer/Record/647508/File/document>

**Goals and Objectives**

Pollution Probe intends to focus on the following areas during this proceeding.

- GSHI's proposed 2020 Rate Adjustment
- Proposed incremental capital under the Advanced Capital Module
- GSHI's Distribution System Plan and related Business Plan (elements related to Customer, Finance, Operational Excellence and Community)

**Intention to Seek Cost Awards**

Pollution Probe is a not-for-profit charitable organization. We receive individual donations as well as funding for consumer and research projects, such as on community energy planning, future of natural gas and regulated utility innovation, from a variety of public and private sources. Without the prospect of an award of costs, Pollution Probe's ability to participate in the consultation process would not be possible.

Pollution Probe has been an active and valuable participant in proceedings before the Ontario Energy Board and will continue to coordinate its activities, where appropriate, with other parties which represent consumer, municipal and environmental interests in Ontario.
