**WRITTEN INTERROGATORIES OF ENBRIDGE GAS INC. TO
HVAC COALITION (HVAC)**

Enbridge-1

Please advise of your response to EGI's position on the unsettled items as set out in response to HVAC IR #30.

Enbridge-2

Taking into account that currently most disputes are resolved without a charge being removed from the bill (see Staff Interrogatory #9(a)), please detail your expectation of what will happen with the number of OBA customers over the next four years if the proposal set out in your evidence is accepted and OBA charges are removed immediately when a customer disputes such charges.

Enbridge-3

Please explain in detail your proposal for how a disputed OBA charge would be reinstated on the Enbridge Gas bill, including:

- a) The role to be played by the customer and the Biller
- b) The manner in which instructions are to be conveyed to Enbridge Gas, so there is clarity that the customer and the Biller have reached consensus about the amount and duration of the re-instated charge(s).
- c) How the proposal made is different from the current process, including (without limitation) any changes to the current authorized agent practice and procedures.
- d) How the Biller fees will be adjusted to account for the extra administration required by Enbridge Gas.

Enbridge-4

Please provide details of the end of contract charges to be paid when an AtlasCare rental customer opts to end their rental contract for a water heater or HVAC product before the end of the rental contract term. Please include details of all such charges, whether they are referred to as termination fees, exit fees, buyout or something different.

- a) Please confirm whether, under your proposal, any of these charges can be included on the Enbridge Gas bill.
