Dear Ms. Long,

**EB-2019-0178 – B2M Limited Partnership’s 2020-2024 Transmission Revenue Cap IR
Application**

B2M LP is in receipt of the OEB’s Decision and Order dated January 16, 2020 (the “Decision”), which provides that B2M LP shall file with the OEB a draft Revenue Requirement and Charge Determinant Order (the “DRRO”) by January 23, 2020. The DRRO is to include supporting schedules (including a draft accounting order for the ESM Deferral Account) that reflects the OEB’s findings from the Decision as well as customer bill impacts and detailed information in support of the calculation of the final revenue requirement.

In order to provide for an adequate internal review, B2M LP respectfully requests an extension to file the DRRO on January 27, 2020.

Please do not hesitate to contact us should you have any questions in regards to the foregoing.

Sincerely,
