Subject: 2021 Dawn Parkway Expansion Project

Hello,

I'm writing to express my extreme concern about the proposed Enbridge pipeline expansion proposal. In 2020, with climate science clearly indicating we need to move away from damaging practices such as fracking and towards saner energy generation such as water, wind and solar, I object to the expansion of the pipeline. That the pipeline is proposed to go through the Niagara Escarpment World Biosphere is inane. The ecological impacts are inexcusable, and the potential human impacts are also unnecessary.

While I trust you've already seen this document, in the event you haven't, kindly review:
<https://www.cleanairalliance.org/wp-content/uploads/2020/01/Enbridges-Hamilton-Pipeline-Dec-2019.pdf>

In hopes you'll make a sound decision,
Lara Stewart-Panko
