Re: Peterborough Distribution Inc. ED-2002-0504
2021 Cost of Service Deferral

Dear Ms. Long:

Pursuant to the Board's November 13, 2019 correspondence with respect to the Rebasing process and 2021 Electricity Distribution Rates, Peterborough Distribution (PDI) is requesting a deferral of its Cost of Service Application.

As you are aware, PDI is awaiting approval of their MAAD application after final arguments were submitted to the Board on January 24, 2020.

We are asking for a further deferral of our Cost of Service submission to align with the pending ruling of PDI's MAAD application before the Board.

As previously confirmed, there will be no rate increase, disposition of any regulatory accounts, or DSP while our MAAD application is pending.

Should the Board not approve PDI's MAAD application, we would request approval for submission of a Cost of Service Application as soon as possible thereafter.

Thank for your consideration in this matter, and should you require any further information, please do not hesitate to contact the undersigned.

Regards,
