Dear Ms. Long,

**RE: EB-2019-0159 Enbridge Gas Inc.- 2021 Dawn Parkway Expansion Project
Energy Probe Comments on the Draft Issues List**

In Procedural Order No.1 the OEB asked interested parties to comment on the Draft issues list and the scope of the proceeding.

Energy Probe believes that the Draft Issues List attached to Appendix A of Procedural Order No.1 is appropriate and has no changes.

Energy Probe believes that the scope of the Leave to Construct proceeding should not include impacts related to the methods of upstream natural gas extraction (such as hydraulic fracturing) for natural gas that will be transported through the pipeline, nor should it include impacts related to the ultimate downstream consumption of the natural gas transported through the pipeline. Upstream and downstream markets are not regulated by the Ontario Energy Board. Any impacts related to those markets are beyond its jurisdiction.

Respectfully submitted on behalf of Energy Probe.
