Subject: Enbridge 2021 Dawn Parkway Expansion

I strongly urge you to deny this Enbridge project . It is unthinkable to allow fossil fuel development when we know these firms are strongly affecting our present climate crisis .

Time is running out and Canada is making no realistic strides to meeting our commitments to reducing carbon emissions by half by 2030.

We have to change! Canadians are adaptable .

Please consider the environmental implications of this pipeline. We dont want it. We must focus on green energy now.

In hopes that you will consider our survival rather than profits .

Cynthia Meyer
