**Re: EB-2019-0187 Saugeen First Nation Community Expansion Project
Pollution Probe Cost Claim**

Dear Ms. Long:

In accordance with the OEB's Decision and Order dated February 6, 2020, please find attached the cost claim from Pollution Probe for the above noted proceeding. Pollution Probe followed and supported the process defined by the Board and represented a direct consumer and policy perspective aligned with the Board's mandate in the proceeding (i.e. Ratepayer, environmental, policy, and financial issues). Pollution Probe acted efficiently during the proceeding including coordination with Board Staff interrogatories/submissions and enhanced the evidentiary base for the Board's review and Decision.

Pollution Probe's participation identified several gaps related to the evidence which were addressed by the applicant, including community expansion education and outreach activities, project economics/funding risk, pipeline sizing, capacity and justification (i.e. pipeline oversizing), alignment with the community energy plan and relevant policy objectives (including cost-effective access to natural gas and energy efficiency for the community).

Respectfully submitted on behalf of Pollution Probe.
