Subject: Comments on Enbridge 2021 Dawn Parkway Expansion, #EB-2019-0159

To whom it may concern,

I wish to register my grave concerns regarding the Dawn-Parkway System Expansion. There are terrible risks and costs associated with more greenhouse gas pollution, and the development and operation of such industries. We should not allow the fossil fuel industry to keep pretending as though the public are not aware of this. I implore you to hold a public meeting, at which the full scale of the opposition to this project can be made clear.

Thank you,
Will Rushworth
