Re: Enbridge 2021 Dawn Parkway Expansion, #EB-2019-0159

To: Members of the Ontario Energy Board

From: Ecological Churches of Locke St.

Our group, representing five churches in the Locke St. neighbourhood, recognizes the deep connection between the fossil fuel industry and the climate emergency. Hamilton's precious wetlands should not be sacrificed for Enbridge's short-term profits. Enbridge does not want you to think about our grandchildren!

Therefore we ask you to hold a
FULLY TRANSPARENT ORAL HEARING
to fully assess the risks and costs associated with more greenhouse gas pollution.

Yours sincerely,

Rose Janson
